CEI Evaluation	01/31/2019	Activity Location:	FL	By:	STATE	Identifier:	CEI	Person:	AH	Suborganization:	SW	Found Violation:	YES
NOC Date:		Citizen Complaint:	NO	Multimedia Inspection:	NO	Sampling:	NO	Not Subtitle C:	NO	Day Zero:	01/31/2019	Focus Area:	
Eval. Notes:	The Florida Department of Environmental Protection (Department) inspected Cortec Biotechnology, a subsidiary of Cortec Corporation, (Cortec) on January 31, 2019. Though the facility had been previously inspected by Manatee County on October 8, 2018, this is the first time that the Department has inspected Cortec. The facility notified as a Small Quantity Generator of hazardous waste on September 19, 2018. At the time of the inspection, the facility was generating at a rate consistent with that of a Very Small Quantity Generator of hazardous waste. Karen Brasile, General Manager, assisted Department inspectors throughout the inspection. Cortec manufactures Vapor Phase Corrosion Inhibitors (VpCI) and Migratory Corrosion Inhibitors (MCI). Previously, Cortec's production process included fermentation of microorganisms in order to create bioaugmentations and cleaning products. However, this process was discontinued in April of 2018. Cortec has three full time employees and one part-time employee. This facility operates Monday through Friday, from 8AM to 4:30PM, but product manufacturing only occurs approximately once per week since the discontinuation of the bacteria fermentation process. The inspection began in the Quality Control Lab. Ms. Brasile indicated that no chemicals are wasted in this lab, as the chemicals can be re-blended. However, a spill kit was available in case of an accident or emergency. An eye-wash station is also present in the room. All eye-wash stations are checked regularly to ensure that they are functioning properly. In the Retain Corner of the Warehouse, there are two shelves of clear-coat anti corrosion products, along with some of the products from the discontinued Bacteria Fermentation process. This area also appeared to be the site of a s												

Violation	Activity Location:	FL	Type: XXS	Determined Date:	01/31/2019	Determined By Agency:	STATE	Responsible Agency:	STATE
	Scheduled Compliance Date:			Actual Compliance Date:	03/06/2019	RTC Qualifier:	UNVERIFIABLE	Sequence Number:	1
	Former Citation:	62-710.401(6)							
Viol. Notes:	At the time of the inspection, a black container used to transfer used oil into a 55-gallon drum was not labeled with the words "Used Oil". All containers that are used to store used oil, must be labeled with the words "Used Oil". Cortec must submit a photo of the container once it is properly labeled.								

No Linked Enforcements

Violation	Activity Location:	FL	Type: XXS	Determined Date:	01/31/2019	Determined By Agency:	STATE	Responsible Agency:	STATE
	Scheduled Compliance Date:			Actual Compliance Date:	02/07/2019	RTC Qualifier:	UNVERIFIABLE	Sequence Number:	2
	Former Citation:	62-737.400(5)							
Viol. Notes:	At the time of the inspection, spent universal waste lamps were found in a container that was not closed and in containers that were not large enough to contain the entire lamp. The facility must ensure that universal waste lamps are stored in containers that are the correct size and properly closed so as to prevent releases to the environment. 2/7/2019: Facility sent photos of spent lamps in adequately sized containers, with the containers closed.								

No Linked Enforcements

Note: Penalty information associated with an enforcement action is reported with the enforcement action. For enforcement actions associated with multiple violations, the penalty information will be reported with each violation, however, the penalty is only assessed once, regardless of the number of violations associated with the enforcement.
